

# Ottawa Geek Market Booth Layout Options

## Options for booths that aren't on a corner

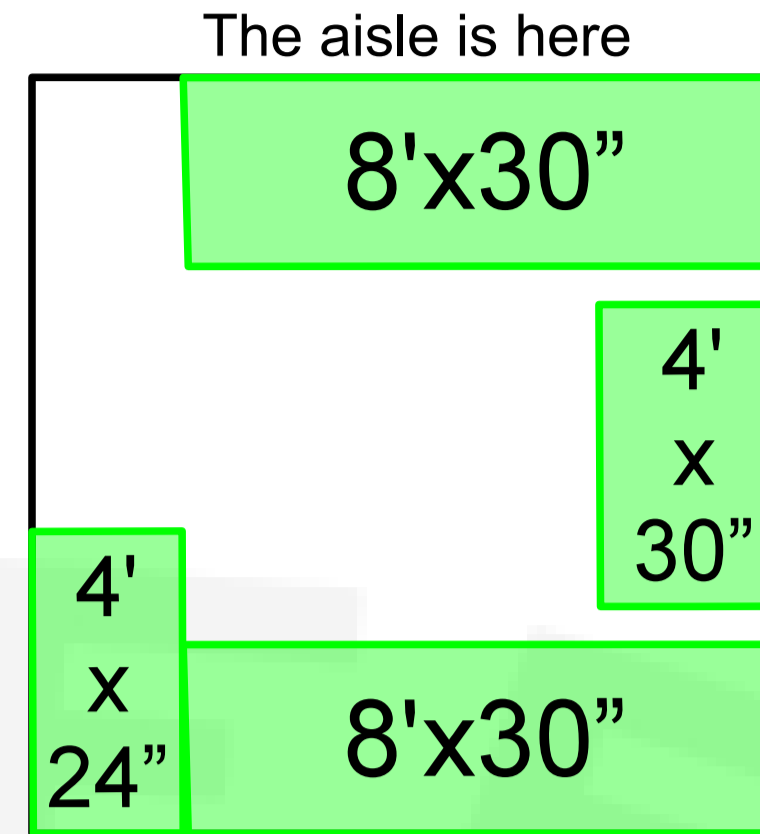

6' x 8'

8'x8'

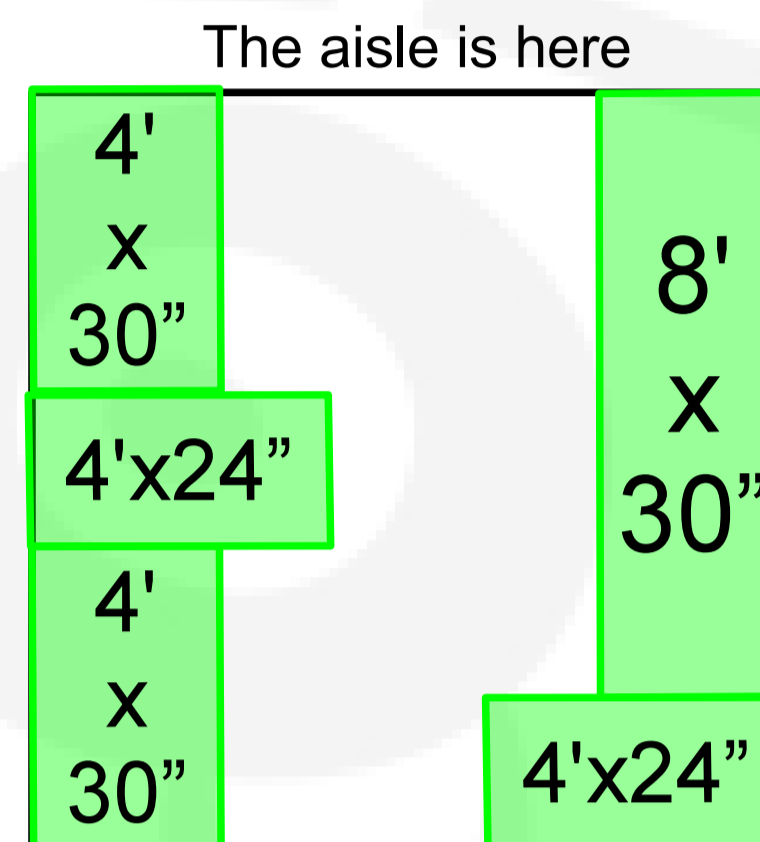

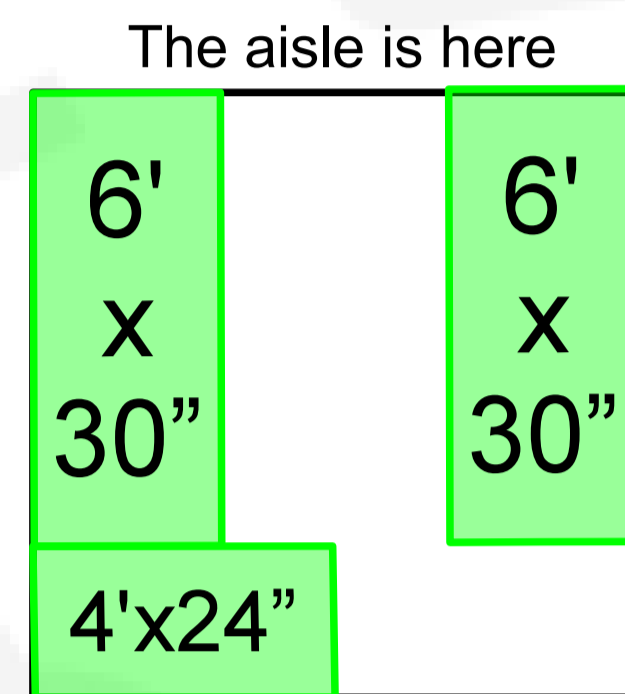

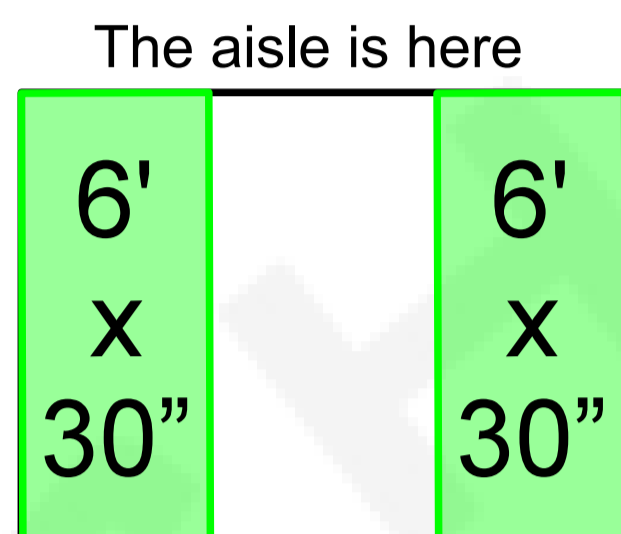

10'x10'

In these options there's at least a 2' gap where staff can enter the booth from the aisle.

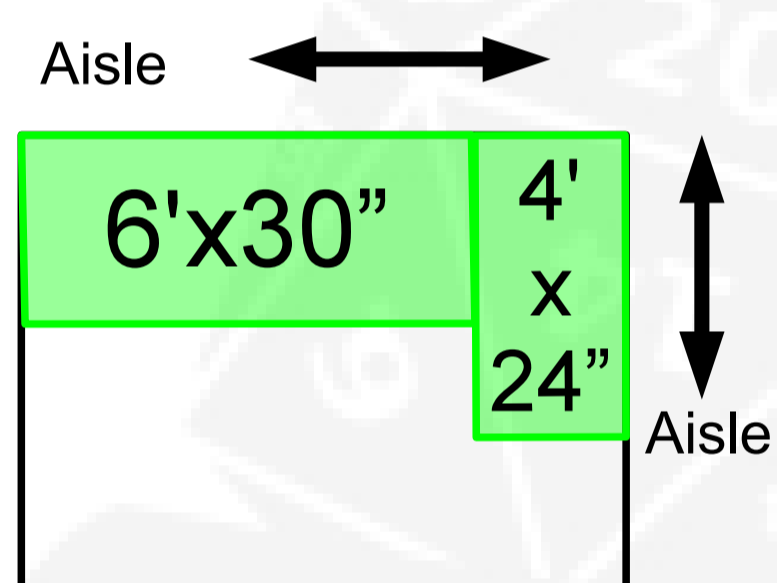

In these options, patrons can come in to the booth. The opening measures 30-36".

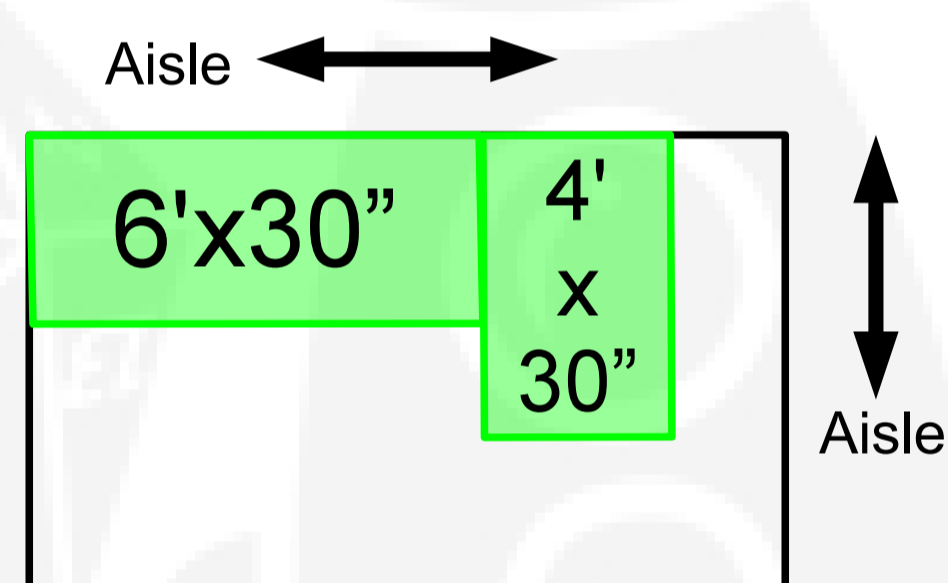

Note: you are still required to stay in your booth space, so you may not move a chair to sit in in the aisle or stand in the aisle.

## Options for corner booths

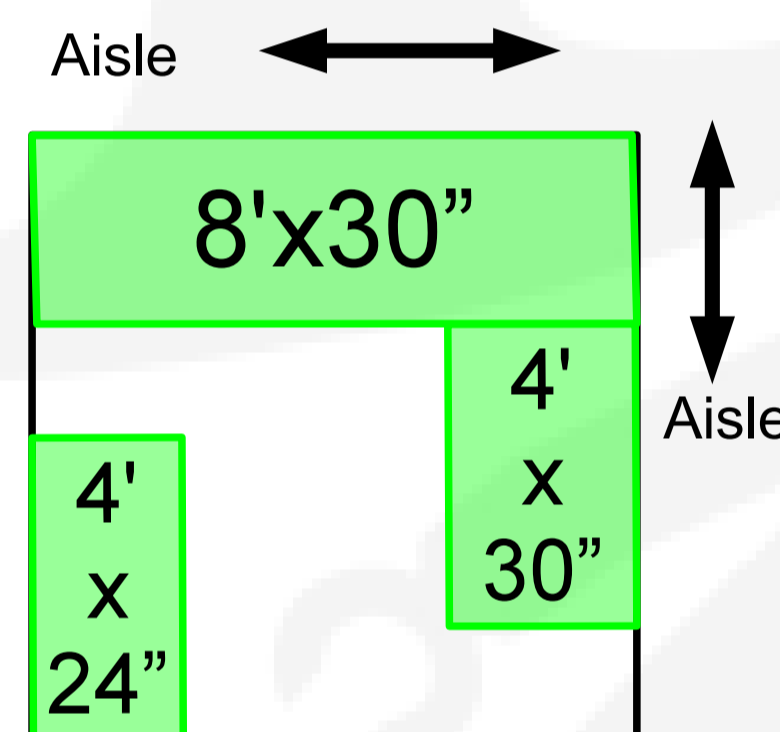

6' x 8'

6' x 10'

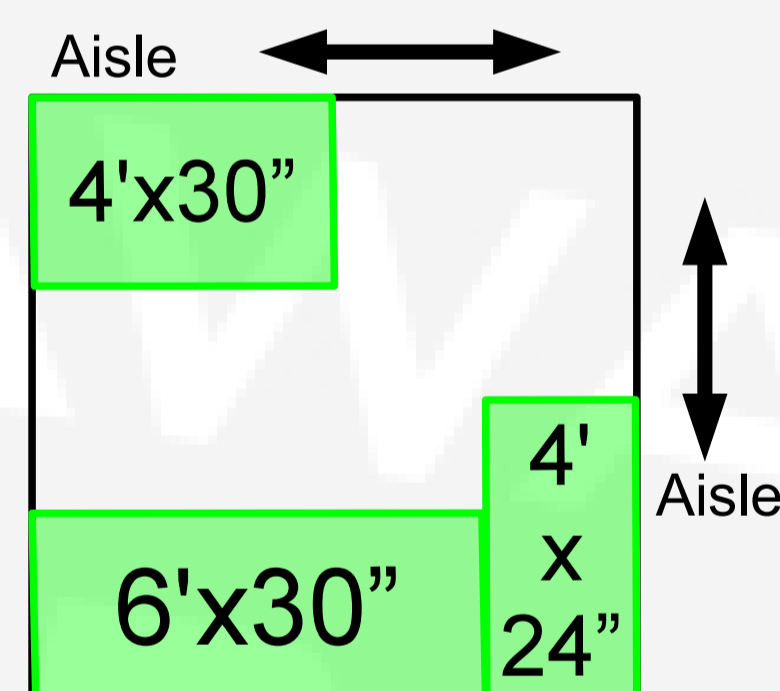

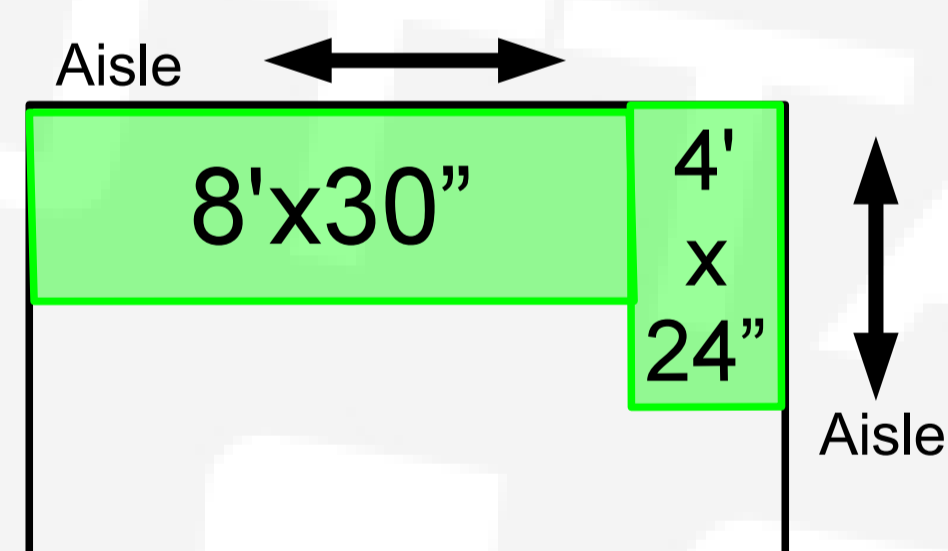

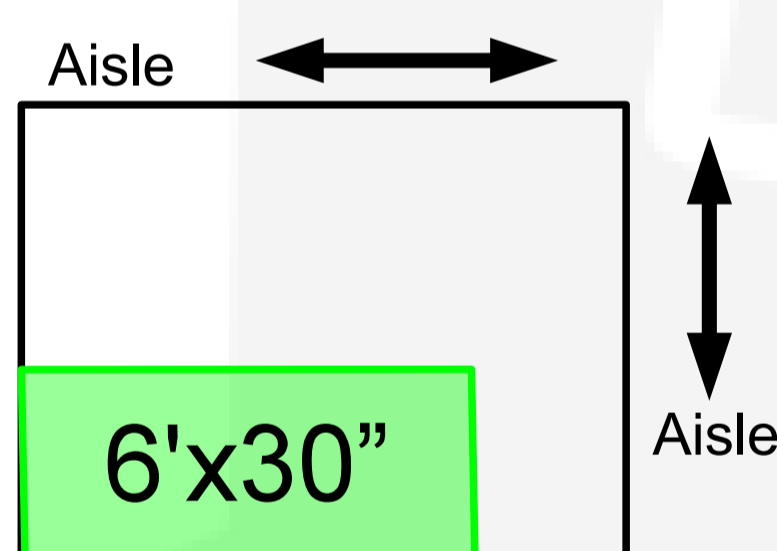

8' x 8'

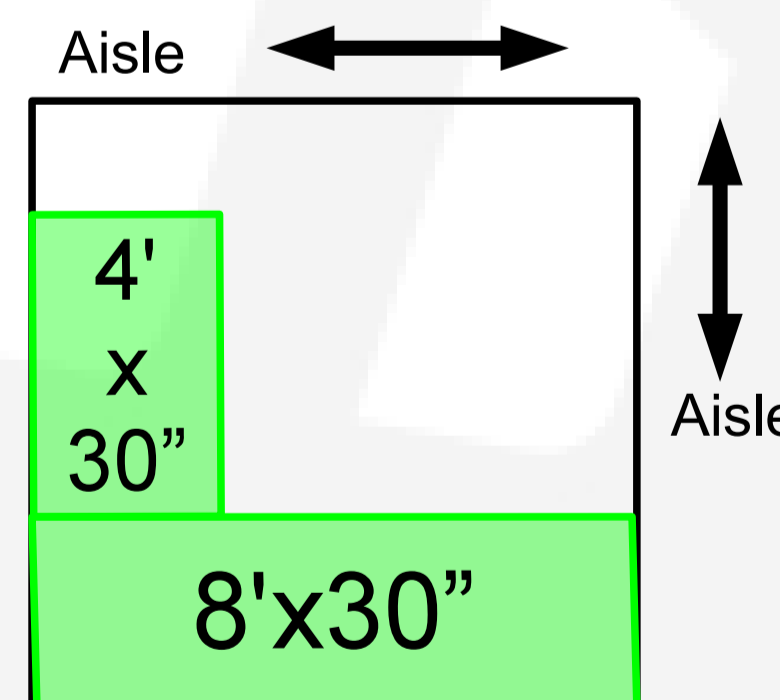

In these options there's at least an 18" gap where staff can enter the booth from the aisle.

In these options, patrons can come in to the booth. The opening measures 30-36".

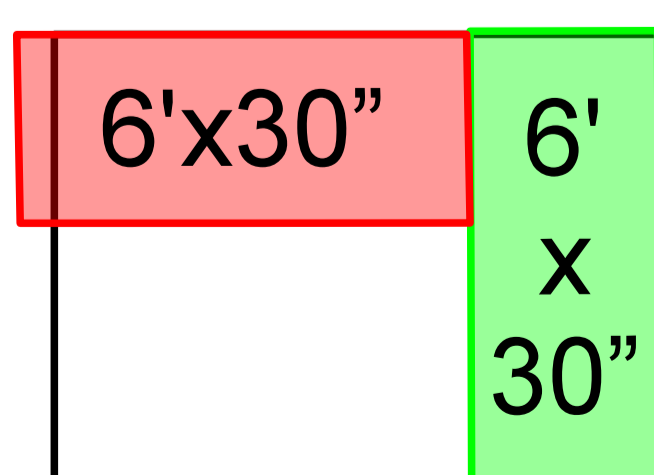

Just flip the image if you have a booth with the corner on the left.

Note: you are still required to stay in your booth space, so you may not move a chair to sit in in the aisle or stand in the aisle.

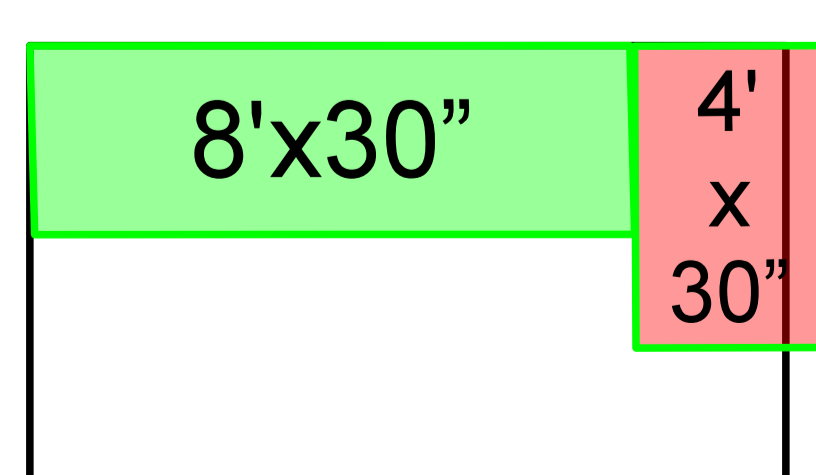

## These options are not permitted for corner and non-corner booths.

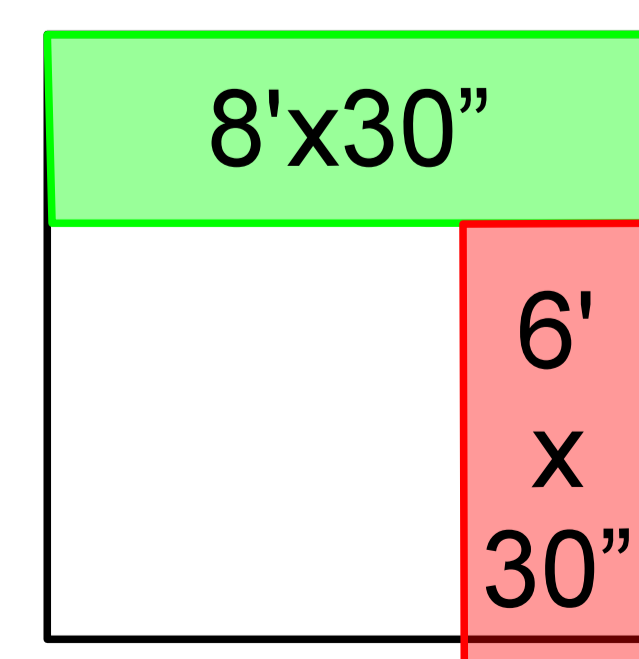

6' x 8'

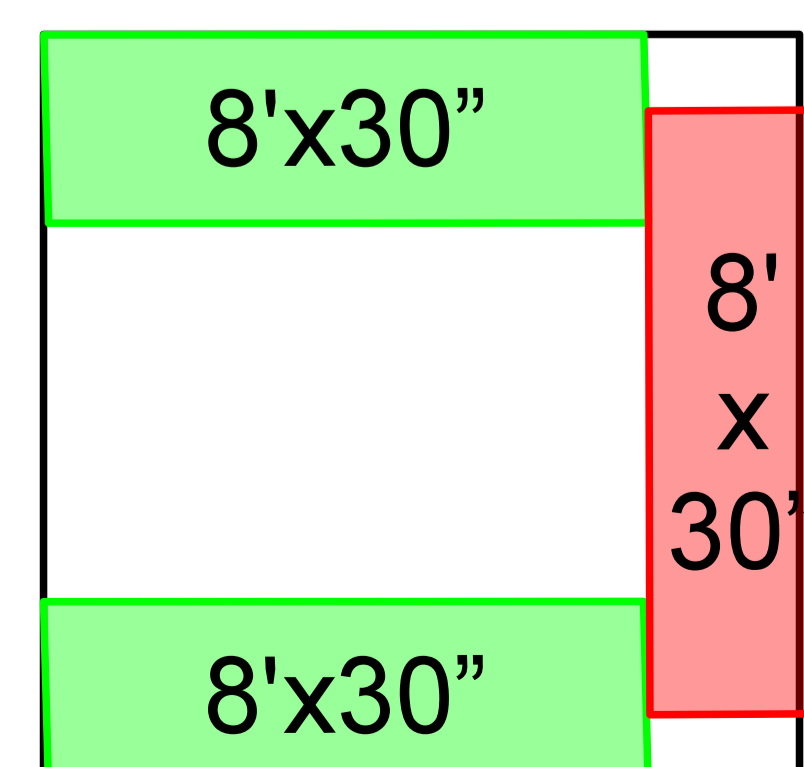

6' x 10'

8' x 8'

10'x10'

As you can see the tables don't fit in the space.
